THE MISSES' AND CHILDREN'S STYLES are ankle strap Pumps, with heavy and light soles.

See Window Exhibit. Sale Second Floor.

WOMEN INDORSE EUGENIC MARRIAGE PLANS COMMITTEE AGAINST SAUNDERS

Plan Heartily Approved by Local Assembly, Daughters of the King.

Eugenic marriage received the indorsement of the local assembly of the Daughters of the King, Diocese of Virginia, at its annual meeting yesterday afternoon in Immanuel Episcopal Church, Henrico County. The indorsement was embodied in a resolution approving the recent action of the Episcopal Council of Virginia recommending the co-operation of the church in all forms of social service for the betterment of the community.

The resolutions as adopted yesterday afternoon by the Daughters of the King, more than 100 of whom were in attendance upon the meeting, indorsed specifically the Byrd child labor bill and the plan directing Episcopal ministers demand before uniting a couple in marriage a medical certificate from the bride and groom, and the physical fitness of the groom.

The assembly appointed a committee to draw up plans for a memorial to the late Dr. John Moncreux, who was chaplain of the Daughters of the King, to be placed in the new colored church now being erected in Stafford County to his memory.

Mrs. John Moncreux, president of the local assembly, and Mrs. J. B. Byrd, who were elected delegates to the national convention of the Daughters of the King, which will be held in New York City next October.

OBSERVE HOLIDAY HOURS

Post-Office Will Follow Special Schedule on Memorial Day.

In observance of Memorial Day the post-office will next Friday follow a special schedule of hours. The stamp and general delivery windows will be open from 9:30 a. m. to 12:30 p. m. in the morning and from 2:30 p. m. to 4:30 p. m. in the afternoon. The carrier windows will be open from 9:30 a. m. to 12:30 p. m. in the morning only. The money-order, registered letter and express windows will be open for two hours only from 9:30 a. m. to 11:30 a. m. in the morning.

Two and three-cent stamps will be made on delivery at 5 o'clock in the morning, and by as practicable at 10 o'clock in the afternoon. The post-office will be open at the same hours as the main office except that they will not be open in the evening. Mail will be dispatched at 6:30 a. m. and 12:30 p. m. from Station A at 5:45, 12:30 and 1:30 p. m.

GOVERNOR BACK AT WORK

Walks to Capitol, Attends to Public Business and Waits Home.

Governor Mann left his executive offices in the Capitol yesterday morning for the first time since he was stricken with the illness that resulted in his recent operation. He walked over from the Executive Mansion, accompanied by his wife and daughter, to the Capitol building, where he attended to his official duties. He remained about two hours, going over accumulated mail and signing orders. He then walked back to lunch. He did not return to his office until 2:30 p. m., when he called on the Governor, as it was deemed best he should not exert himself, even in greetings.

UNITED STATES DEPOSITORY FOR POSTAL SAVINGS FUNDS

HOUSE DAMAGED BY FALLING TREE

West Franklin Street Porches Said to Have Been Hit in August Last.

BOARD ASKED TO GET FACTS

McClure's Claim for Damage to Motor Car Still Held Up by Committee.

At a meeting of the Council Committee on Claims last night N. W. Howe & Son presented a claim for damage to the porches of 302-304 West Franklin Street, belonging to Mrs. Nannie G. Johnson and E. G. Gunn, by reason of the falling of a tree last August. City Engineer Bolling recalled that the tree had fallen, and that the porches were to some extent smashed in. As no complaint had ever been made to the Engineer's office of the unsafe condition of the tree, City Attorney Pollard thought the falling of the tree was a contributory negligence, and could not, therefore, recover against the city. After debate, the matter was referred to the City Attorney and City Engineer for further investigation.

Ask for Facts.
The claim of E. M. McClure, of Highland Park, for \$4.88 for damage to his automobile because of a hole in the street at Fifth and Hospital streets, which has been banded from one committee to another, was sent back to the Administrative Board, with a second or third request that it be investigated. The board once reported that Mr. McClure should look to the Seaboard Air Line Railway for payment. Mr. McClure replied that the Seaboard Air Line does not run within several blocks of the point indicated. The committee thought the Administrative Board should take the trouble to ascertain the real facts as to the location of the accident, the condition of the street, and the liability of the city, before attempting to report on such a claim.

The claim of Ashton Starke for damage to a building near Thirteenth and Main Streets by reason of alleged overflow from a sewer into its basement, extending as far back as 1906, was passed by on the statement of City Attorney Pollard that Mr. Starke has indicated that he is not prepared to accept the claim and that the matter would be adjusted in court.

Claim of Moore Estate.
The claim of the J. S. Moore estate for grading damages at Thirtieth and E Streets was referred to a subcommittee, consisting of Messrs. C. M. Puller and Sullivan. The claim presents some peculiar points, and is being equitably rather than because of any legal rights.

The street in question was graded by the County of Henrico in 1905, previous to annexation. No arrangement was made with the property owners in regard to damages. Recently the bank on which the house stands is slipping away, and the foundation of the house is now in some danger because of grading done seven or eight years ago. City Attorney Pollard stated that the County of Henrico was clearly liable for the damages to the property by reason of the grading of streets; that this liability the city assumed on annexation of that county in December, 1906, but that under the statute of limitations such a claim was barred after no effort had been made to present or collect it for the years. Councilman M. R. Mills, who appeared for the Moore estate, said it had not been the wish of Mr. Moore to bring any suit against the city, nor had it been apparent until the claim of the grading of the street had caused any very serious damage.

FIREMEN RESIGN

Board Announces Appointments and Promotions.

At a special meeting of the Board of Fire Commissioners last night the following resignations were accepted: Morris McNeill, Grade B, Engine Company No. 4; J. P. Valentine, Grade A, Engine Company No. 5; W. L. Forrest, Grade B, Truck Company No. 1; and W. Howard, Grade B, Truck Company No. 2.

The following promotions and appointments were ordered, effective from June 1: M. B. Nash, promoted from Grade B, Engine Company No. 4, to Grade A, Engine Company No. 5; The following were elected from the eligible list to positions as firemen: Grade B, J. E. Southward, E. S. Covington, W. J. Robinson and Abraham Podoll. The following applicants were placed on the eligible list: P. M. Allen, W. L. Brooks, W. P. Napier, E. L. Porter, J. J. Silva, G. P. Burcham, F. J. Williams, G. P. Wright and W. J. Higgins.

Marriage Licenses.
Marriage licenses have been issued in the clerk's office of the Hustings Court as follows: E. Chisholm and Annie L. Atwell; John Doyle Carlin and Clara Lorraine Gay; Robert H. Cavanaugh and Effie Harding; Paul J. Hester and Lottie May Harris; John Linck and Margaret E. Carter.

To Be Ordained for Ministry.
A. C. Walker will be ordained as a minister of the Gospel to-night at 8 o'clock in Immanuel Baptist Church. He will be preceded by the Rev. W. C. Salter, D. D., and the charge to the young minister will be delivered by the Rev. W. H. Smith, D. D. The Rev. P. O. Coyars, D. D., will offer the ordination prayer.

Court Officers Believed Man Was Convinced of His Right to Remarry.
Believing from all the circumstances that Albert Clark, convicted in Hustings Court, Part II, Richmond, of bigamy, thought he had a legal right to remarry, the officers of the court and the jury united in a petition to Governor Mann for his pardon. In accordance with the request, clemency was granted yesterday.

The parties to the case are regarded as highly remarkable for ignorance than for anything else. Clark married a woman of South Richmond, and later it appeared that he had a wife already in existence. He had overlooked the formality of being off with the old marriage before he was on with the new. He believed he had some sort of right to contract the new alliance, since he had consulted attorneys, and was told he had grounds for divorce, which, he said, he did secure.

Clark was given three years in the State Penitentiary. As an extension of the belief in extenuating circumstances, he was released on bail, and has been at liberty since his conviction at the last term of court.

Case Continued.
The case of J. C. Chestwood against L. E. Brown & Co. for trial yesterday in the City Circuit Court, was continued indefinitely by agreement of counsel.

ARCHITECTS SHOW MUCH FINE WORK

First Exhibition by Richmond Folk Attracts Unusual Attention.

The first annual exhibit of design and draughtsmanship by members of the Architects' Association of Richmond, which was opened Monday morning in the rooms of the Business Men's Club, is pronounced a complete success by those who have seen it. For the man contemplating home-building, the business man planning for a new office, and the hotel man preparing to rebuild his establishment, the walls of the two exhibition rooms hold a wealth of absorbing interest. To architects the show is professionally valuable, because it gives each an unlimited opportunity of studying the work being done by his confreres and at the same time stimulates a healthy spirit of competition.

No fee is charged, and the doors are open practically all day. Daily from 9 to 12 o'clock and from 3 to 6 o'clock admission is unrestricted. Thursday night, from 8 to 10 o'clock, has been reserved for women. The long reading-room for the architects, on the top floor of the American National Bank Building, and the little red room opposite, lend themselves admirably to exhibition purposes, both being lighted by electric light. The rooms are filled with drawings, mostly water color sketches of public buildings, all the walls of the red room, while the reading-room is devoted to pictures of handsome town and country homes.

Designs for almost every kind of building are shown in the exhibit. There are sketches of schools, hotels, skyscrapers, armories, clubs, apartment houses, hospitals and banks. Although this is the first year the association has attempted an exhibit, there is an abundance of drawings, and it would seem likely that in another year more space will be required. Only Richmond architects were invited to take part in this show.

Those contributing one or more designs to the exhibit are: E. Baskerville, W. L. Carneal, Jr., A. F. Hunt, J. A. Johnston, H. C. Whitehurst, W. D. Lee, W. C. Noland, C. M. Robinson, Carl Ruehrmund, W. C. West, M. E. Wright and G. K. Ashurst. The firms of Noland & Baskerville and Carneal & Johnston and Charles M. Robinson submitted the most drawings.

The Architects' Association of Richmond was organized five years ago. Its present officers are Albert E. Hunt, president; C. M. Robinson, vice-president; and J. A. Johnston, secretary and treasurer.

BIDS FOR CURBING

Administrative Board Passes on Minor Street Repairs.
The Administrative Board yesterday directed the City Engineer to advertise for bids for granite curb and gutter on the southern side of Franklin Street, extending from Monument Avenue to West Street, and for granite curb and gutter on the north and south sides of Richmond Street, extending from Marshall Street. The keeper of Oakwood Cemetery was authorized to sell the barn on Gwyneth street, near Monument Avenue, for \$8, to be repaid to the City Engineer. The City Engineer was instructed to construct a sewer in alley in rear of the new W. C. A. building, on Fifth Street, to cost \$300.

The appointment of W. D. Bruner as inspector of the City Engineer's Department was approved.

ALLEGED HORSE THIEF

Detective Returns With Negro Prisoner, Who Faces Two Charges.
Detective G. F. Smith returned yesterday with a negro prisoner, named Richardson, a seventeen-year-old negro, who faces trial here on two charges of larceny from a horse. He is alleged to have stolen a horse from F. T. Root, of 904 Louisiana Street, and a horse from the stable of the Arlington Manufacturing Company, 3200 Williamsburg Avenue.

Richardson admits the thefts, went to the stable of Root several nights ago and started to ride away the horse. He was thrown and the animal went back to the stable. The negro also returned to the stable, and this time, according to the police, stole a horse.

Richardson was arrested Monday in Petersburg at the request of the Richmond police.

PRISONER GIVEN SIX YEARS IN JAIL

Negro Boy, Who Got Unprecedented Sentence, Goes to the Reformatory.

What is probably an unprecedented jail sentence of six years in length was broken into yesterday, when Governor Mann committed James Hayes, of Norfolk, to the negro reformatory in Hanover County.

This boy, who is but thirteen years old, was given no less than six years in jail for an assault, in which it was said he acted very badly. Had he served out the entire term, he would have been nineteen before he was released.

The extraordinary length of tenure came to the attention of Rev. J. T. Mason, secretary to the State Board of Charities and Corrections, who brought the matter before the Governor. The result is the commitment to the reform school.

Interfered With Police.
W. W. Williams was fined \$10 and costs yesterday morning in Police Court for interfering with Sergeant Sheppard and Patrolman Tucker in the discharge of their duty.

Johnson Austin, colored, was fined \$20 and costs for assault on William Austin with a pair of brass knuckles.

KEARNY POST TO HONOR UNION DEAD
Will Hold Public Exercises Friday at Seven Pines National Cemetery.

Phil Kearny Post, Grand Army of the Republic, will hold memorial services at the National Cemetery at Seven Pines on Friday, in honor of the Union soldiers buried there. The exercises will begin at 11 o'clock, and will be brief enough to permit a return to the city on cars leaving Seven Pines at 12:30 o'clock in the afternoon.

FOUR CANDIDATES PAY PRIMARY FEE

James, Harman, Koerner and Stearnes Qualify for Democratic Contest.

TREASURER FOR EIGHTH TERM

Leads All Heads of Departments for Service—Amounts Paid to Date.

There was a grand rush yesterday morning of candidates for State office to qualify for the August primary, and when the procession had ended it was found that no less than four had added their names to the list.

They are as follows: Benjamin O. James, for Secretary of the Commonwealth; Asher W. Harman, Jr., for State Treasurer; George W. Koerner, for Commissioner of Agriculture and Immigration, and Reamur C. Stearnes, for Superintendent of Public Instruction. All the men who have stated they would run have new names. The names with the exception of J. Thompson Brown for Commissioner of Agriculture, and S. Gordon Cumming for Attorney-General. Entries will close Friday, June 6, at noon.

What They Paid.
Amounts paid into the treasury to date are as follows: Henry C. Stuart, for Governor, \$250; Floyd W. King, for Attorney-General, \$200; J. Taylor Ellyson, for Lieutenant-Governor, \$50; Samuel W. Williams, for Attorney-General, \$200; A. W. Harman, Jr., for State Treasurer, \$225; B. O. James, for Secretary of the Commonwealth, \$170; George W. Koerner, for Commissioner of Agriculture, \$175; R. C. Stearnes, for Superintendent of Public Instruction, \$175. The primary entrance fee required by law is 5 percent of the first year's salary, so that the pay of the officers can easily be calculated from the above figures. The only State elective officers paid in part by fees are the Secretary of the Commonwealth and the State Treasurer. The former estimates his fees at \$500 a year, and the latter at \$571.40.

The entrance money is returned when a candidate has no opposition. It is apparent that all candidates will have their fees returned save those for Attorney-General and Commissioner of Agriculture.

Harman's Long Service.

Treasurer Harman has been at the head of the department many years longer than any other man connected with the government of the State. He came into his present office on January 2, 1886, the same day when General Fitzhugh Lee was sworn in as Governor. He succeeded I. R. Barksdale, of Albemarle, who had previously defeated Mr. Harman, and who was defeated in turn in December, 1885. In those days the Treasurer was elected by the Legislature, four years later, Mr. Barksdale again tried to succeed him with the Rockbridge County man, and again lost. Still later, A. R. Venable, of Prince Edward, ran against Mr. Harman, being defeated. W. H. Boaz, of Albemarle, started in the race under the new Constitution, which made the office elective, but his health failed, and he did not enter the primary.

Mr. Harman has served as Treasurer of the State under Governors Fitzhugh Lee, Philip W. McKinney, Charles T. O'Ferrall, J. Hoke Tyler, A. J. Montague, Claude A. Swanson and William Hedges Mann. At the end of the coming term, to which it seems he will be re-elected without Democratic opposition, he will have held the place thirty-two years and one month.

Others Who Qualified.

Mr. Koerner has been Commissioner of Agriculture for twelve years. He was re-nominated without opposition in 1905, and defeated J. Thompson Brown in 1909 by a narrow margin in the primary. Mr. Koerner is from Augusta County.

Benjamin O. James was first nominated by the State Democratic Committee in 1898 for Secretary of the Commonwealth, and the death of J. Q. Eggleston just before the general election. Immediately upon his nomination he was appointed to the office by Governor Swanson for Mr. Eggleston's unexpired term. His many friends in public life rejoice that he will be again named without opposition.

Mr. Stearnes is the baby of the lot, since he has been in office only since January 1, when he was elected by the State Board of Education to fill the unexpired term of J. D. Eggleston, resigned. But for years before that he served as secretary to that board, as the right-hand man of the superintendent.

Interfered With Police.
W. W. Williams was fined \$10 and costs yesterday morning in Police Court for interfering with Sergeant Sheppard and Patrolman Tucker in the discharge of their duty.

Johnson Austin, colored, was fined \$20 and costs for assault on William Austin with a pair of brass knuckles.

KEARNY POST TO HONOR UNION DEAD

Will Hold Public Exercises Friday at Seven Pines National Cemetery.

Phil Kearny Post, Grand Army of the Republic, will hold memorial services at the National Cemetery at Seven Pines on Friday, in honor of the Union soldiers buried there. The exercises will begin at 11 o'clock, and will be brief enough to permit a return to the city on cars leaving Seven Pines at 12:30 o'clock in the afternoon.

Notice of the exercises mailed yesterday by Chairman J. D. Wilson, of the memorial committee, asks for a full attendance of the membership of Phil Kearny Post, and invites the citizenship at large to be present. A musical and speaking program has been arranged, with Frederick G. Davis as the orator of the day.

Rev. C. E. Schable will offer prayer, and John Lethrop will read Lincoln's Gettysburg address. There will be solos by Miss Irena DeWolf and Howard D. Bryant. Bugle calls by Lee Macfarlane will open and conclude the memorial exercises.

The soldiers' graves will be decorated with flowers, and floral contributions will be gratefully received by the memorial committee. A special service over the Seven Pines electric line has been arranged. Cars will leave the sheds at Twenty-ninth and P Streets at 8:35 and 10:30 o'clock.

RAINCOATS

may be out of place to-day and Straw Hats may have the demand. In either case we are ready to supply you from a stock that is exceptional in character and values.

CRUSHED TO DEATH IN RAILWAY YARDS EXPORT LEAF GETS CITY WATER RIGHTS

Man Believed to Be Harry Moore Said to Have Been Drunk and Asleep on Tracks.

A man, believed to be Harry Moore, about fifty years old, apparently a stranger in Richmond, was run over and instantly killed last night at 8:30 o'clock by a freight car which was being shifted in the yards of the Southern Railway on the south side of the City Dock at the foot of Twenty-fourth Street. The police gained information that he was drunk and had gone to sleep on the tracks. He was seen about the yards several times during the day. Moore's body was badly mangled, both legs being severed, one at the knee and the other at the hip.

That the dead man was Moore was the conclusion of Detective-Sergeant Wiley who examined the body. He found a letter in a pocket addressed to Moore at 321 North Fifth Street, this city. It bore the return address the Philadelphia Protective for Boys, Fort Kennedy, Penn.

Its contents were as follows: "Mr. Harry Moore, "Dear Sir: "I can give you employment as a shoemaker who will teach boys to make and mend shoes. Be sober and industrious, and a Catholic. Boys do a great part of the work but they need a boss. There are many applications before yours, but no arrangements made.

"Yours sincerely, "Brother Quintinian."

At the Fifth Street address given is located a shoe shop, and there Moore was apparently employed as a cobbler. A brakeman on the rear of the car which crushed Moore's life, made an attempt to save him, but was unable to stir him in time to stop the engine, which was collecting cars to make up a train.

Coroner Taylor viewed the body and turned it over to an undertaker. An inquest will probably be held to-day. The police will make every effort to positively identify the dead man that his relatives may be notified.

MAJOR EVANS TO RETIRE

Refuses to Accept Reappointment on State Board of Accountancy.
Few die and none resign office, with an ancient motto or less true proverb. But one Virginia has determined to retire, which is perhaps an action not so rare. However, it is unusual enough to make it a shame to record the fact that the office in question pays no salary, and in fact, has cost its occupant a large sum.

The retiring office-holder is Major W. McKenney, Secretary of the State Board of Accountancy. His present term expires on June 30, 1913, and he made a most positive announcement that he would not have to look elsewhere for somebody to fill the position, since he will under circumstances accept reappointment.

The work has cost Major Evans and the board a great deal of money. He has, says, hundreds of dollars in the board. Naturally, the applicants are limited in number, and the fees do not pay the expense.

Further Delay in Consideration of Byrd Park Property Acquisition.

The Council Committee on Public Buildings, Properties and Utilities last night recommended for adoption an ordinance granting the use of city water to the Export Leaf Tobacco Company at its new storage warehouses on the Hermitage Road beyond the city limits. The company is to pay non-resident rates of 25 cents per 1,000 gallons for water used at the watchman's house and garage; to pay \$50 per year for the connection for fire protection of the warehouses, and for water at city meter rates used in the event of a fire. It is to bear all cost of installation, including the replacing of about 900 feet of six-inch main in the Hermitage Road leading to the Fair Grounds, with a twelve-inch main. It is understood that the company proposes the erection of a series of warehouses for storage of leaf tobacco covering thirteen acres, making, with its plant on Leigh Street, one of the largest tobacco plants in the country.

The subcommittee on acquisition of the wedge of land dividing William Byrd Park into two sections was continued. Meanwhile the grading of streets is being rushed to completion, the city having expended in grading and sewer more than \$10,000 in improvement of a tract on which there is not a house, and which is now assessed for taxation at less than one-tenth of its actual value, the outlay made by the city having passed the price to almost prohibitive figures now that the city itself desires to buy the tract for park purposes.

A committee on colored park was continued. It has already reported favoring acquisition of the block between Moore, Leigh, Harrison and Oak Streets, and will now consider a recent offer of property for a colored park on the northeast end of Church Hill.

Arrested on Fugitive.
Ernest Miller, colored, was arrested last night by Detective-Sergeants Wiley and Kelly and locked up at the First Police Station as a fugitive from justice in Newport News. Miller is accused of stealing a typewriter.

Suit Dismissed.

The suit of C. K. Howell against T. R. Smith, pending in the City Circuit Court, was dismissed yesterday on motion of the attorney for the plaintiff.

Paraphrase Pulpit

EUGENICS.
To-day, when there is so much interest manifested in eugenics, the words of Dr. Warburton, in "Medical Sociology," are very pertinent. Says he: "There are superstitions which militate against the best result in teaching sexual hygiene. I refer to the doctrine that sins committed against the body of one's self or another can be expunged. Let us teach that sin is immoral, that it is a punishment in the religious (vicarious) sense is the rock upon which much morality is shattered. Let us not delude the young with the fatuous hope that after the commission of sin there is something that can be done, some one to whom to go, who can make it all right and wipe away the past. Such teaching is immoral."—Unitarian Publicity Committee. (Advertisement.)
